

2011 CHERRY BLOSSOM FESTIVAL
ENGAGEMENT PHOTOGRAPHY

Engagement sessions provide an opportunity to create beautiful photographs without the burden of wedding-day stress. Sessions last anywhere from one to three hours, depending on how relaxed you are with the camera, and are designed to be as laid-back as possible. I'll ask you to pick locations around the monuments that are sentimental to you in order to help you feel comfortable, and then I'll capture the moments that naturally unfold. I shoot in a hybrid style of photojournalism and fashion, which is intended to provide you with images that are elegant, classic, and *real*.

- » Online sharing
- » Online ordering

ADDITIONAL PRODUCTS

CUSTOM-DESIGNED GUEST SIGN-IN BOOK

A fantastic opportunity to display your engagement photographs, the custom guestbook is designed like a mini wedding album in which your guests can sign their names and share their regards. The guestbook consists of 10 pages (20 sides) of photographs. For up to half of these pages, I fade the images into the pages to allow writing. These pages are essentially blank, writable pages with light “watermarks” of your photographs. Finally, the guestbook is bound within a hard cover showcasing your favorite photograph.

MINI ANNOUNCEMENT CARDS

The mini announcement cards measure a wee 2.75”x1” in size, and can be used in many creative ways, including announcement cards, place settings, favor bags, or inside thank-you cards. Each card features one of twenty small photographs from your engagement session, and is printed on sturdy card stock. The backs are fully customizable with up to 6 lines of text, perfect to list the destination URL of all your wedding photographs.

Thank you!

Thanks for your interest. Please let me know what additional questions I may answer for you.

Reminder: Peak bloom is predicted to fall between March 29 and April 1.

Space is filling up quickly, so book now to reserve your spot for this year.
